

Shaik Mohammed Kaif

AI/ML Enthusiast | Full Stack Developer | Problem Solver

personal.kaif7@gmail.com | linkedin.com/in/kaifshaikMD | github.com/KaifCodeur

Objective

Recent Computer Science graduate specializing in AI/ML and Full Stack Development. Passionate about creating impactful, well-designed, and efficient software solutions.

Skills

- **Languages:** Python, JavaScript, SQL
- **Web Development:** HTML, CSS, React JS, Django
- **AI/ML and Data Science:** Linear Regression, Decision Trees, SVM, RNN, LSTM, TensorFlow, Keras, Scikit-learn, OpenCV
- **Visualization:** Pandas, NumPy, Power BI, Tableau
- **Tools and Platforms:** Git, GitHub, Streamlit
- **Languages Spoken:** English, Hindi, Telugu

Projects

Cryptocurrency Market Prediction App

Deep learning-based price prediction using RNN, LSTM, and sentiment analysis.

[Live Demo](#) | [GitHub](#)

Online Shopping Mart

Responsive e-commerce website using React, JavaScript, and HTML/CSS.

[Live Demo](#)

Gesture-Controlled Presentation Tool

Hand gesture-based slide navigation using OpenCV and Python.

[GitHub](#)

Unified Government Schemes Portal

Centralized platform for accessing Indian government schemes.

Education

B.Tech in Computer Science and Engineering (AI/ML)

Veltech University, Chennai

Graduated: 2025

Certifications

- IBM SkillsBuild – AI Fundamentals
- ISRO IIRS – AI/ML for Geodata Analysis
- TATA Crucible Campus Quiz 2024
- NPTEL Courses in CS and ML

Hobbies and Interests

Video editing, anime storytelling, gym/home workouts, experimenting with UI/design.
